

### About you

- **IP professional** (IP/IA manager, patent attorney, lawyer etc.) in-house or private practice
- **Manager** (R&D, tech transfer, executive etc.) responsible for innovation, exploitation or strategy

In both cases, you attended seminar “Design IP Strategy” (DIPS). There, you learned new knowledge, analytical skills and tools to prepare one strategic plan. You are now facing new difficulties such as:

- How to apply the tools of the seminar DIPS to your own work environment.
- How to prepare a corporate plan or merge different product plans.
- How to centralize the preparation and reviews of different plans faster.
- How to get management buy-in and deal with difficult stakeholders.
- How to initiate, steer and sustain change in IP organizations.

This seminar “Implement IP Strategy” (I2PS) addresses these issues and provide new tools and practical insights when it comes to implementation beyond analysis. Attending the seminar DIPS is a prerequisite to enroll for the seminar I2PS.

### What former participants say

- “Bringing product/project strategies together in one corporate strategy”
- “I already experienced online DIPS but appreciated this very effective refresher”
- “I really learned by applying new concepts from other disciplines like change management to IP.”
- “Great mix of theory and practice”
- “highly interactive”

### Speakers

Including **Dr Arnaud Gasnier**, CEO, Senior Consultant and Founder of Patentopolis BV. Arnaud has practiced globally in various IP (patents, trademarks) departments and in various roles (Patent Attorney, Licensing Associate, Portfolio Manager, Associate General Counsel) since 1996 e.g. for Swatch, Philips and Adidas. He is the author of the book “The Patenting Paradox”. Arnaud is a qualified European Patent Attorney and holds Executive MBA from London Business School. Arnaud is adjunct teaching fellow at UCL School of Management at University College London.

Working with all types of organizations since 2009, we see change management has become critical for many IP professionals. Based on both research and practice, Patentopolis has developed a **unique suite of empirical tools and online solutions**.

This seminar I2PS has been partly developed with a cooperation partner of Patentopolis, with 20+ years of experience in strategy consultancy, project management, change management and transition with various global corporate organizations and smaller entities.

### Your benefits from the seminar

- Self-assess your organization’s readiness re IP implementation. Get benchmark (online survey)
- Review Patentopolis strategy frameworks (matrix, 5-step methodology).
- Learn a structured and multi-disciplinary approach to consolidate IP plans from product/division level to corporate level, and apply to case study
- Explore and experience our online platform DIPS to prepare plans faster and in a centralized way
- Start to reapply the Patentopolis strategy frameworks to your own case, and get direct coaching
- Discuss best practices for successful implementation (organizational issues)
- Learn new concepts and state-of-the-art models of change management, and apply them to IP
- Practical toolkit: another 5-step methodology to implement change in IP organizations
- Apply the toolkit to a situation from your work experience (actual or generic), and design your own change plan through a series of guided exercises. Opportunity to validate with a peer.
- **Accreditation:** this training merits **12 credit points** under the rules on professional competence of the Netherlands Institute of Patent Attorneys.

Customer satisfaction ranging from 1 (very poor) to 5 (very good)

### Documentation

- **Pre-Reader:** pre-seminar preparations, all cases plus facts and data used during examples given by speakers and during teamwork assignments, with recommended presentation outlines. It is sent 2 weeks in advance, with access to an online survey regarding IP readiness.
- **Handout:** all the models and frameworks presented during the lectures, plus all the practical information needed to apply the cases to the frameworks during the teamwork assignments
- **Post-reader:** contains all the speaker feedback provided after teamwork assignments, as well as extra insights and guidelines to apply the frameworks to your own environment
